

THE DURHAM CENTER
Providing Behavioral Health & Disability Services

AREA BOARD MEETING
Minutes
November 4January 6, 2005, 2004

The Durham Center Area Board met November 4, 2004January 6, 2005 at 501 Willard Street.

MEMBERS PRESENT:

Doug Wright, Tom Owen, Karen Crumbliss, Colleen Kilsheimer, Hugh Wright, Ellen Reckhow, Terry McCabe, Phil Golden, Eureka Daye, Emily Baldwin

MEMBERS ABSENT (EXCUSED):

Nancye Bryan, George Quick

STAFF PRESENT:

Ellen Holliman, Janet Whichard, Carrie Baines, Kelly Goodfellow, Beth Bordeaux, Carla Alston, Rob Robinson, Sheila Burge, Ann Nelson

OTHERS PRESENT: Bert Wood, Betsy MacMichael Lena Klumpler

Area Board Chair Doug Wright called the meeting to order at 4:00 PM.

Approval of October 7December 9, 2004 Minutes

A motion was made to approve the October 7December 9, 2004 Area Board Minutes by Hugh Wright and seconded by Colleen Kilsheimer. The motion unanimously carried.

Lena Klumper was introduced to the Board and staff as the State LME Team Leader for Durham. She is the liaison between Durham LME and the State.

Committee Reports:

CFAC: Betsy MacMichael reviewed the written report attached to these minutes.

Finance: It was announced that George Quick was injured in an automobile accident and is at Durham Regional. The committee discussed the September financial statements. We still do not have the flow of billing and receipts that is needed but expect the technicalities involved to be resolved. We are almost divested of payee responsibilities as providers are picking this up for their clients. We will be monitoring this process through our audits by Delphine Powell.

Human Rights: Ms. Kilsheimer reported the committee met October 26th with four members and staff advisor, Carla Alston, present. Ms. Alston explained the eCura information management process to the committee.

Ann Nelson has been hired as a Customer Service Specialist. She came to us from the Adult Services Unit and has a strong clinical background. Procedures are now in place to call clients to see if they are satisfied with services.

The committee received an overview of the responsibilities of customer service calls vs. crisis calls. Customer service deals with informational calls, consumer complaints, and follow-up issues. The Access calls are for requests for services. Access is available 24/7/365 while Customer Service is available 8-5:00 Monday –Friday.

Provider Report: Durham Partnership

Mr. Wright introduced Bert Wood to update the Board on the Durham Partnership's prevention services in Durham. Mr. Wood reported they have had amazing year with the 125 consumers they received in December and the staff that transitioned with them. He introduced Jeff Strong, Regional Vice President, Wanda Boone who serves as Director of Administration, Robin Partin, Manager of Durham Partnership who began this position September 20th, and Jane Williams, Vice President of Prevention Services. They currently have 38-40 prevention specialist in the state.

Jane Williams reported they have spent time educating prevention specialists. The effort now is building resilience in young people and identifying young people who are at risk. They use Council on Substance Abuse Prevention science-based materials as their curriculum teaching problem solving, communication, anger management, and other skills. Student Support Services for Durham Public Schools was impressed with the desire of Durham Partnership to make a difference and their ability to do that. Ms. Williams said the System of Care Program in Durham is greater than anything else she has seen.

Crystal Williams works at Carter Community Charter School serving 130 students K-8. Amy Panton, works with elementary schools with a program named Early Risers School for Success. This is for students identified highly at risk for future substance use. Ms. Paton will have about 40 on her caseload and works with the students every day. She also works with students' parents. Germane Glassy works in high schools teaching science based curricular. Partnership can offer schools a cafeteria plan and they can choose the programs they wish to have used. Ten schools are asking for services. Other schools will begin services during the second semester. Staff works six hours per day with selected youth. Lora Smith, prevention specialist, coaches new staff in reconnecting youth. A bilingual prevention specialist from Winston-Salem will also come to add support. By July 1st Partnership will know if these programs have made a difference. Success will be measured by grades being better than last year, behavioral problems being less, attendance improving, students not involved with the court system, not involved with drugs. The Center for SA Prevention for the Government approved criteria for targeted populations. These are the target populations whose service the State will pay for. Teachers, principals, and guidance counselors identify clients to be served.

Amy Panton began employment with the Early Risers Program in September. She works to make kids aware of their behavior and the choices they are making. Topics include what's appropriate, respect, disrespect, compliments, etc. Papers are taken home to share with parents about what is being worked on at school so they can work on the program also at home.

The demographics at Carter School are pretty much Afro-American and Hispanic. The other schools are well represented across the board but have more males than females. The staff and curriculum is culturally sensitive and competent.

Oak Grove has 28 students involved. There are three groups in each of the other elementary schools with 12 – 15 students in each group. In the high schools, 26 students are served each day. This is not billed as drug classes but as leadership classes, fun clubs, etc.

Partnership opens records and does pre and post testing. The program is funded entirely by state money drawn down based on services rendered. All information is dealt with confidentially. United Way dollars and other funds to work with other youth.

Public Comment: None

Action Items

1. Budget Amendment for State Allocation # 05-N48-D-09 recurring funds for continued implementation of First-in-Families of Durham, which is administered through ARC of Durham County in the amount

of \$8,991. These dollars replace some of the dollars decreased for this program in the current year's allocation due to funding of LME administration. This is to make up the full allocation for the year. Allocated by the General Assembly. Substance Abuse Strategic Plan

A motion was made by Terry McCabe and seconded by Ellen Reckhow to approve the Substance Abuse Strategic Plan State Allocation # 05-N48-D-09 in the amount of \$8,991 for First-in-Families. The vote unanimously carried.

2. Levels of Care – Protocols for Service Budget Amendment for State Allocation # 05-N50-D-10 non-UCR funds in the amount of \$5,000. This allocation is pass through funding for First-in-Families of North Carolina and will be used to support a new program. This will be a recurring allocation. Betsy MacMichael said First-in-Families of North Carolina is new. It has provided oversight and guidance to the 11 regional projects. They have a \$45000 grant through the state that comes through another area program. Because the regional office is in Durham, sustainable long-term networks for person with disabilities funds will pass through the Durham Center. Monitoring will be done through the fiscal office of the Durham Center. One of Betsy's jobs is to help new areas begin First-in- Family projects. The project director is paid through these funds. A Duke divinity student is their local resource coordinator.

A motion was made by Terry McCabe and seconded by Ellen Reckhow to approve the StLevels of Care-Protocols for Service Allocation # 05-N50-D-10 in the amount of \$5,000 for First-in-Families of North Carolina.. The vote una The vote unanimously carried.

3. December 2, 2004 Area Board Meeting: The Executive Committee will make a decision on the third Tuesday of November as to whether a meeting will be held December 9th or not. The NC Council Conference will be taking place the first Thursday of December and would conflict with the regularly scheduled Board meeting. This action received consensus of the Board. No vote was taken. Duke Contract:

A motion was made by _____ and seconded by _____ to _____ the Duke contract. The vote unanimously carried.

4. Area Board By-Laws: The Area Board fulfilled its' requirements for amending the By-Laws.

A motion was made by Terry McCabe and seconded by Ellen Reckhow to approve the amended Area Board By-Laws. The motion unanimously carried.

5. Legislative Survey: Ms. Holliman shared a letter sent to the NCACC Human Resources Steering Committee regarding funding for indigent clients. She shared information from the Legislative Survey with the Board and discussion ensued regarding what Durham's LME priority recommendations would be. The Board agreed by consensus that the following would be the three top priorities recommended:

- #1 Medicaid buy-in - This would get more people in the system.
- #2 Budget – increased funds for people with MI-DD-SA needs
- #3 Lifting of restriction – To be able to use the budgeted dollars across the board would be most helpful.

The Board feels very strongly that in order to build community capacity, the institution dollar must come to us to allow us to develop services.

It was reported that Mike Moseley, Division Director, is releasing a RFI for providers to bring the 250 people who are under Olmstead into the community and to use some of the CAP money that is already in the community. He would like to see this to happen within 2 months. It didn't happen through the LME's so the state is requesting information directly from providers. It was further reported that providers and state level people were at a recent meeting where other interested people were excluded due to the size of the room. Mrs. Holliman will follow-up to find out more information about the RFI.

Reports:

Area Board Chair

Doug Wright

October 14th was Open House for Durham Center Access. This event was well attended. We hope within the next two weeks to have the license for bed use.

DAC had their official open house in October.

Mr. Wright met with the Substance Abuse Steering committee on the 12th. This process is coming together and the committee is working on the TAC report.

Mr. Wright gave the following information for reference and publication:

Area Board Meetings are held 1st Thursday of the month at 501 Willard Street at 4:00 p.m.

Area Board Finance Committee meetings are held 1st Thursday of the month at 501 Willard Street at 3:00 p.m.

Area Board Executive Committee meetings are held 3rd Tuesday of the month at 12:30 at NC Mutual Cafeteria.

Area Board Human Rights Committee meetings are held the last Tuesday of the month at 501 Willard Street, room 206 at 4:30 p.m.

Consumer and Family Advisory Committee meeting 1st Monday of the month at 5:30 p.m. at TROSA, 1820 James Street

This information will be sent to Deborah Craig-Ray, the Herald Sun, News and Observer, and Garry Umstead.

Interim Area Director

Ellen Holliman

Ms. Holliman announced that our System of Care Team won the NC Council Award of Excellence. The award will be presented on Thursday night, December 2nd at the NC Council Fall Conference in Pinehurst.

A Town Hall meeting sponsored by The Durham Center and CFAC is scheduled for November 10th at the Library at 6:30. A press release has been submitted for publication. We will plan have another one in February with more advance notice being given. Our goal would be quarterly meetings.

Beth Bordeaux reviewed the printed monthly Board report. Some highlights from the report were:

- We are getting better data this month on open records and those actually getting service. We are currently serving approximately 4,700.
- Most screenings are requested by the consumer or the consumer's family.
- Durham Partnership is the primary provider chosen for services with Triumph being second.
- Child services are stable across the board related to referrals.
- We will add contracts with other SA providers to give Partnership some relief. Additional SA providers will allow choice and get people into treatment more quickly..
- We have had a definite increase in admissions with adult admissions up 20%, child is 75% increase over last year.
- Hospital admissions across the board is static. Child adolescent admissions have risen, however, we are still within our allocation.
- Bed day usage has increased in adult; child/adolescent (0-20) has had some real increase. By January we expect to see a real decline in admissions. Hospital liaisons are pulling the forms that show what was going on with these kids prior to their admission.

- If an out of county child is placed in a group home in Durham and then needs to be hospitalized, the bed day usage goes against their home county.

Ms. Holliman reported that Durham Center Access opened October 18th. A letter was sent from the Division of Facility Services to the Division of Mental Health requesting a waiver from the requirement of a sprinkler system for the life of the current lease. We hope this facility it will be licensed by December 1. We have a target date of December 1st to perform all commitment evaluations. This should greatly decrease our bed days at JUH. Durham Center Access should be fully functional by December 1st or as the licensed is given by Facility Services.

Adult Services has almost transitioned out. All but about 30 clients have been transferred to the provider community. Our Contract Department performed a records review of ASAP and Triumph to see how long it took people to get services. All the records reviewed met standards of care. Southlight and ASAP are physically located at Main Street.

Methadone: The program was transferred to Southlight October 1. This was the easiest transition because all but one staff member transferred to the contract agency.

Customer Service: This unit is in process of hiring staff. Full staff will consist of 3 customer services specialists, 1 receptionist (Sonya Benton) and one administrator (Carla Alston). We plan to have a clinical specialist (Ann Nelson), public relations specialist, and a bilingual in Spanish specialist. Customer Service received as many calls in October as in August and September together.

Customer Service has participated in the Latino Health Fair and the Durham Neighborhood College this month.

Utilization Management: This unit is fully staffed and authorized over 2,000 services in October. There has been a reduction in services because our team is getting more precise on how many and what kind of services a consumer really needs.

Announcements

Colleen announced the November 18th workshop on A Ticket to Work.

Congratulations to Ellen Reckhow on her re-election.

Adjournment: 6:15 p.m.

Respectfully submitted,

Ellen S. Holliman
Interim Area Director

**CFAC Report to Durham Area Board from CFAC Chair Betsy MacMichael
November 4, 2004**

Recent Activities:

- Two new CFAC members: one representing MH and one from SA.
- **Completed a review of the LBP 1st quarterly report** submitted to the Division.
- **CFAC requests of Durham Center that:**
 1. Since we have consumers who serve dually as board members and CFAC members; And since CFAC is a distinct body with distinct responsibilities and mission; we request that CFAC participation be considered to have occurred when CFAC has been contacted directly, either to entire group at a CFAC meeting, or through a communication to the Chair.
 2. We would like to have opportunity to review any draft Policies and Procedures which relate to either CFAC and/or Quality Monitoring, before they are submitted to the Area board for final approval.
- **New involvement**, as active participants in:
 3. new Community Capacity committee formed by Beth Melcher
 4. new Quality Monitoring committee formed by Beth Bordeaux
 5. new Facility Monitoring workgroup initiated by the GACPD (Governor's Advocacy Committee for People with Disabilities), using Durham as a Pilot Region
 6. Upcoming Town Hall meeting at library November 10th
 7. Focus groups for DD Strategic Planning
 8. Steering Committee for DD Strategic Planning
- **Ongoing Participation** by CFAC members in:
 1. The Community Capacity Planning Committee:
 2. Client's Rights Committee (dual area board/CFAC member)
 3. DC Area Board (dual roles)
 4. State CFAC
 5. Developmental Disabilities Consortium at state level
