

THERAPEUTIC LEAVE FOR MEDICAID CLIENTS

Beginning November 1st, we will no longer be authorizing **Therapeutic Leave for Medicaid clients**. This is a service that is covered by Medicaid and can be billed directly. The current process is for providers to receive an IPRS authorization for Therapeutic Leave. This is reducing our IPRS dollars considerably.

S5145 can be billed as TL when billed on a UB92 form using a revenue code 0183. Directions on filling out a UB92 form can be found in the Basic Medicaid Billing Guides for August 2005 located on DMA's website at <http://www.dhhs.state.nc.us/dma/bulletin.htm> This service must be billed under an LME's provider number so you must use the Durham Center provider number 3404922 as the attending and billing number.

The claims will pay to The Durham Center. In order for the provider to receive reimbursement, the claim must be on our RA. Please fill out the following form so that we may identify the claims that you have filed on behalf of The Durham Center.

Request for Medicaid Therapeutic Leave Reimbursement

Provider Name:	
Client Name:	
Client Medicaid ID:	
Client Durham Center ID:	
Date billed to EDS:	
RA Date Paid*:	
Dates of Service Billed:	

*Please call EDS Provider Services at 1-800-688-6696 if possible to obtain the RA date the claims paid. This information is not necessary but is extremely helpful.
